The International Marketplace Coalition has established the International Marketplace District as a global destination within the city of Indianapolis. This not-for-profit organization has been a leader in fostering economic development through partnerships with the community and with local businesses; and these partnerships are resulting in the revitalization and recognition of a neighborhood that Indianapolis treasures.

Through marketing initiatives, grants, and beautification projects among other things, the International Marketplace Coalition has created a way for Hoosiers to experience the world without travel. Known for its cultural retain and dining, the International Marketplace District also hosts events and programs, giving Indianapolis residents the chance to truly taste other cultures – from music, to food, to shopping. Regardless of our national origin or our cultural heritage, Indianapolis is one city, where we can share experiences and learn from each other. The International Marketplace Coalition and their efforts have been an essential part of fostering a global city.

You don’t have to travel around the world for treasures – whether you’re craving a delicious Peruvian meal or looking for authentic African clothing, you’ll be able to find it in the International Marketplace District. Indianapolis is proud to give our citizens global experiences through an area so rich in culture and authenticity. The International Marketplace Coalition is truly a gem within the City of Indianapolis.

I applaud the visionary work of the International Marketplace Coalition. Because of the commitment of hundreds of volunteers, business owners, and community leaders, the International Marketplace has quickly developed into a global destination within our city. I am especially proud of the efforts of the International Marketplace Coalition because like many of you, this particular part of our community is where my family and I call home.

It is exciting to witness the transformation of the 38th Street corridor. For many years the streets were lined with automobile dealerships, commercial businesses, and limited entertainment and dining options. Since adopting the special resolution in 2012 to establish the International Marketplace, we have witnessed neighborhood districts offering residents the opportunity to travel around the world without leaving our city.

I encourage you to take the time out and experience all that the International Marketplace has to offer. If you have ever wanted to travel around the world but didn’t know how you could find the time, spend a day in our district. You won’t need your passport for this trip around the world; it exists right outside your front door.
Mary Clark

CEO, International Marketplace Coalition

It is with great pride that I welcome you to Indy’s International Marketplace!

Our 2.5-square mile area—located between Lafayette Road to North High School Road and West 30th St. to West 46th St.—is now home to more than 850 ethnic businesses. This includes more than 100 restaurants and 50 markets where more than 100 spoken languages are represented.

Since the inception of the International Marketplace Coalition in the early 2000s, we have worked to revitalize the area formerly known as Lafayette Square. In the past year, businesses have invested more than $4 million in improvements as a commitment to remain in the neighborhood. In the current 18-month period, the International Marketplace will benefit from more than $50 million in new development.

As a result of our collaboration with the plethora of immigrant-owned businesses within our area, we are created the Passport to Indy’s Best Global Cuisine Food Guide. Please review this food guide and savor some of the most authentic and delicious ethnic dishes that Indianapolis has to offer. There is no need to splurge on a plane ticket to immerse yourself in cultural cuisine of Ethiopia, Yemen, India and Peru. These are only a few of the countries represented in the International Marketplace that you will find at your fingertips through the use of this guide.

In addition to exploring businesses in our area, experience a taste of the world by dining with us during these special events:

• Bi-monthly Lunch Tour Series
• Monthly Dinner Tour Series
• Annual Taste the Difference Festival
• Savor the International Marketplace restaurant week events
• International Women’s Day
• International Coffee & Tea Fest
• Awards Dinner & Silent Auction
• World Arts Expo
• Quarterly Dine-In
• Holiday Bazaar & World of Trees

The success and growth of Indy’s International Marketplace is only possible with the hard work and dedication from my team at the International Marketplace Coalition, our Board of Directors, support from elected officials and the efforts of our wonderful volunteers.

Nowhere else in Indianapolis will you find so many ethnic businesses within such a small area. The owners and employees of these restaurants, markets and other establishments contribute jobs, revenue and services that enrich the International Marketplace. Wherever residents of our area come from, they are enthusiastic to meet and serve those with whom they share this community— including you. While using this passport as a guide, you will enter each restaurant as a guest but leave as a member of our family.

We welcome you to travel the world with us and explore what makes the International Marketplace a vibrant and diverse place to eat, a place to shop and a place to be.
